ADVANTAGE TOSHIBA

- >> FST PURE® flat tube eliminates unwanted reflections from room light compared to conventional tubes designs and increases viewing angle
- >> 3D Y/C Digital Comb Filter provides more accurate processing of RF and composite video signals for a sharper, cleaner picture
- >> MTS Stereo with dbx® provides full broadcast stereo sound quality with access to bilingual or secondary audio signals
- >> Color Temperature Control provides 3 settings that enables the consumer to get the best picture possible for any viewing environment or preference.
- >> Tri-Lingual OSD allows for easy operation for English, Spanish, and French speaking viewers
- >> Front Panel A/V/S Input for easy connection of video games or a camcorder

TECHNOLOGY & BENEFITS

VIDEO

- >> **FST PURE® Fine Pitch Flat Picture Tube** - This "purely flat" picture tube delivers increased viewing angle along with the enhanced picture linearity necessary to produce accurate life-like images.

AUDIO

- >> **Double Baffle Speaker System** - Provides improved stereo sound reproduction without connecting additional speakers.
- >> **StableSound®** - Maintains television volume within a preset range regardless of the source signal

CONVENIENCE

- >> **Sleep Timer** - Allows the viewer to set the television to shut off automatically after a preset amount of time.
- >> **Channel Lock** - Selected channels can be locked out to prevent viewing. Channels can be unlocked by entering a secret code.
